Imagine Enterprises is a Texas-based nonprofit devoted to helping people with disabilities find their own particular place in their community so they can live, work and enjoy life – just like everybody else.

This project is supported by the Texas Council for Developmental Disabilities (TCDD) through a grant from the U.S. Administration for Community Living (ACL), Department of Health and Human Services, Washington, D.C., 20201. Grant number available by request. Grantees receiving government sponsorship are encouraged to express their findings and conclusions. Opinions do not necessarily represent official TCDD or ACL policy.

* We are not a medical provider, nor do we provide vaccines ourselves. Services offered are for people with disabilities and their support persons who need assistance getting a vaccine.
