

RESEARCH PARTICIPANTS NEEDED

CALL FOR PARTICIPATION

Engaging Parent Voices of Children with Autism Spectrum Disorder Through Community-Based Participatory Action Research Using Storytelling Methods

Parents, you are invited to participate in a research study!

The information obtained from this study will be used for graduate-level studies at the University of the Incarnate Word. Your participation is completely voluntary and you may decline if you choose not to participate. Your participation will contribute greatly to knowledge and future research efforts. My goal is to better understand the experiences of parents of children with autism spectrum disorder (ASD) as they navigate complex systems. I hope to share new information that will be useful to support parents of children with ASD and other stakeholders. Participants will receive a \$25 gift card after each of the four research activities, totaling \$100 per participant as a token of appreciation for your participation.

Things you should know-

During each event, an explanation of confidentiality will be explained before proceeding. You will also be given the option to choose whether you will allow your data to be identifiable, such as participating in a digital storytelling film screening.

Participating in the study-

Participation is based on informed consent for the research study. You may choose to opt out of the study at any time. To participate in the study, please respond back to this email at mcasares@uiwtx.edu. If you have questions at any time about the study, you may contact me directly at mcasares@uiwtx.edu.
